VISION

PERFECT COOKING

I can be absolutely certain that my cooking results will always be of outstanding quality. The foods that I prepare have perfect colour, are juicy, crispy and healthy, with a minimum amount of fat.

Outstanding steam cooking results

The advanced Retigo Vision steam generation system ensures great colour, taste and consistency of prepared meals, while retaining the maximum amount of vitamins and nutrients.

Ideal colour and crispiness of meals

The Active Humidity Control (AHC) is a precision humidity control system that maintains the ideal climate for the prepared meals. Thanks to patented technology, the cooking chamber may be quickly and effectively dehumidified if necessary. The result is food with perfect crispiness and golden brown colour.

Less stress in the kitchen

The option to cook multiple meals simultaneously in the same mode with varying cooking times, and without smell or flavour cross-contamination helps to increase the kitchen's capacity. Utilising functions such as Overnight cooking or Low-temperature baking gives the chef more time during the morning rush-hours and achieves greater utilisation of the prepared meals. All of this under HACCP control.

All cooking technologies contained in a single appliance

The Retigo Vision is a single cooking system for the majority of cooking methods (cooking, boiling, baking, stewing, frying, grilling, toasting, confit, cooking under vacuum – Sous-Vide, canning, dehydrating, blanching, leavening, smoking, curing, low temperature procedures, keeping warm and meal regeneration).

VISION DESIGN

Retigo Vision offers an excellent combination of features, exceptional ergonomics and an attractive appearance. All this with an emphasis on safety and hygiene.

Comfortable cooking without the risk of injury

Crosswise racks ensure the safe handling of gastronorm containers and provide a perfect view of the cooking process in the individual racks. Smaller gastronorm containers in a single drawer simply side by side on stainless racks or dedicated adapters.

Minimal risk of burns

The unique triple-glazed door glass solution* reduces its surface temperature and eliminates the risk of burns. The automatic fan stop prevents the dangerous release of steam when the combi oven door is opened, and coupled with a double opening door** ensures maximum safety.

Easy combi oven opening

Ergonomic handle shape makes sure that the combi oven door is easy to handle and the maintenance is easy. By using silver ions, significant reduction of the amount of bacteria present on the handle surface was achieved and as a result, hygienic risks were minimised.

Guaranteed to meet hygiene standards

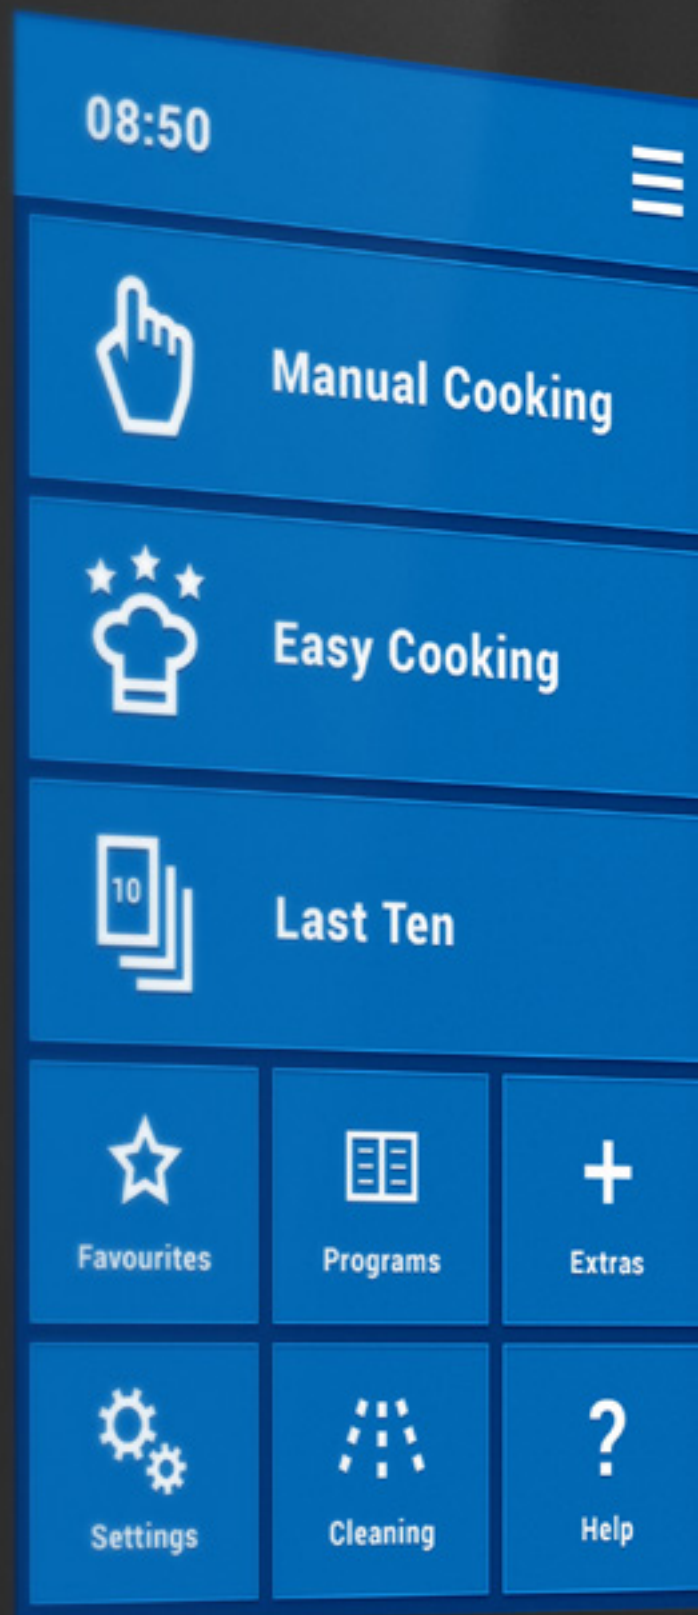

Precise workmanship inside the cooking chamber with curved edges increases the efficiency of the automatic cleaning and prevents the accumulation of dirt. The HACCP system automatically records everything that happens inside the Retigo Vision combi oven, stored data can subsequently be shown on the display or downloaded on to a PC.

* Not applicable to 623 size | ** Optional accessories

MY VISION CONTROLS

I can quickly and easily set everything that I need, even when I have greasy hands or when wearing gloves. I can completely customise the main menu. Simply put, the simplest controls on the market.

Absolute focus on cooking

Easy control without a manual, perfect overview at all times thanks to the large, colour display.

No more unpleasant delays

Instant response of the 8" screen when pressed and quick selection of frequently used recipes directly on the main screen.

Everything you need is located on the main screen

Option to add any menu function on the main screen and adjust its position, size and colour based on the needs of each chef.

100% time usage

No need to wait for the combi oven to finish its work. While a common cooking process is running, Multitasking allows you to navigate through the combi oven menu in background and work on the display whilst the combi oven continues cooking.

Customising the main menu

Every chef can customise his/her main menu exactly as needed. Thanks to the Profiles function, virtually any number of profile presets can be saved for even more chefs in a single operation.

SMART INVESTMENT

Demonstrably the lowest power and water consumption, and low-cost automatic cleaning – all in a single machine. All this saves money each and every day and guarantees a great return on investment.

Energy savings

Two-stage water preheater utilises heat from waste steam and, in combination with the unique triple-glazed door glass solution* and 50 mm thick thermal insulation, reduces cooking costs to a minimum.

Economical cleaning

The unique automatic Retigo Active Cleaning system ensures perfect cleanliness of the Retigo Vision combi oven while minimising water consumption and saving money on detergents.

Unbeatable return on investment

Low operating costs, long lifetime, affordable service and repairs, and an outstanding price-to-quality ratio delivers great return on investment.

Kitchen space savings

Retigo Vision can substitute even several classic kitchen appliances with much less space. In addition, with a provably higher yield and raw material processing efficiency.

* Not applicable to 623 size

SMART INVESTMENT

A comparison of new and previous Retigo Vision

Retigo Vision combi ovens have always rated among the top in the water and energy consumption economy. Innovative new generation solutions cut the values down even more, thus the new Vision is rated among the most saving combi ovens in the market.

	Previous generation	New generation	Savings
Preheating in the Hot air mode to 165 °C	3:39 min	3:12 min	12 % faster temperature build-up
Energy consumption in Hot air mode with load	2,46 kWh	2,17 kWh	12 % lower consumption
Energy consumption in Hot air mode without load (sensible heat)	0,95 kWh	0,66 kWh	31 % lower thermal losses

Measured on 611 size combi oven pursuant to DIN 18873-1 2012-6 6.2.

An example of savings with Retigo automatic cleaning

Highly efficient cleaning programs will provide perfect cleanliness with minimum effort. Excellent detergent price, low water and energy consumption will save everyday costs.

Retigo 1011 combi oven in comparison to other high class combi oven brand 1011 model. 6 cleanings per week, 52 working weeks in year. Valid manufacturers' price lists 05/2017 used. Medium cleaning done based on the number of detergents repeatedly required by both machines.

	1 year savings	10 year savings	Benefit
Detergent cost savings	225 €	2 246 €	More than 20 % of the combi oven price paid back
Time savings	338 h	3 380 h	Up to you how to use this time savings
Water savings	7 519 l	75 192 l	Significant money and environment savings
Energy savings	580 kWh	5 803 kWh	Check your energy prices, you will wonder about money savings

An example of savings with Retigo Vision

The Multifunction Retigo Vision cooking system can substitute several conventional kitchen appliances to an area less than 1 m².

In comparison with conventional kitchen appliances.

Pork	Conventional oven cooking	Retigo Vision
Yield	64 %	80 %
Number of portions (100 g per portion)	100	100
Amount of raw meat	10 kg	10 kg
Total yield	6,4 kg	8 kg
Number of days	200	200
Meat weight loss	720 kg	400 kg
Loss of money	5 760 €	3 200 €
Total savings in 200 days		2 560 €

Calculated with an average price of 8 € per 1 kg of pork. Comparison with B611i type combi oven.

Cooking of vegetables (potatoes)	Classic cooking	Retigo Vision
Yield	90 %	100 %
Number of portions (100 g per portion)	100	100
Amount of vegetables	20 kg	20 kg
Cooking time	1,5 h	1 h
Total yield	18 kg	20 kg
Number of days	200	200
Vegetables weight loss	400 kg	0 kg
Loss of money	280 €	0 €
Total savings in 200 days		280 €

Calculated with an average price of 0,7 € per 1 kg of potatoes. Comparison with B611i type combi oven.

Cooking water and energy consumption	80 l boiler	Retigo Vision
Water consumption per hour	40 l	12 l
Maximum equipment capacity	60 kg	54 kg
Energy consumption per hour	12 kW	4,5 kW
Cooking time	1,5 h	1 h
Total consumption for 1 cooking	18 kWh	4,5 kWh
Total costs of 1 cooking	3,6 €	0,9 €
Total savings in 200 days		540 €
Water saving in 200 days		5 600 l

Calculated with an average price of 0,2 € per 1 kW. Comparison with B611i type combi oven.

Essig Frischemenue kitchen head, Altensteig, Germany

Essig Frischemenue is originally a genuine family business which serves their guests with 10 000 portions of food daily in consistent top quality.

RETIGO VISION THE HEART OF A MODERN KITCHEN

The Retigo Vision combi oven handles most technological tasks in a small space and makes it possible to replace several traditional kitchen appliances. The combi oven can be used to prepare practically all types of meals, from breakfast to lunch and dinner, including desserts.

Easy Cooking

An intelligent cooking assistant that helps even somewhat less experienced cooks achieve great results. The unique system automatically proposes the correct procedure for each type of meal.

Sous-vide

Utilising the latest technologies, the Retigo Vision can provide the ideal climate, temperature and time for cooking meals sous-vide. Compared to a classic sous-vide water bath, it provides immeasurably greater capacity and quality.

Smoking

Thanks to the Retigo Smoker external smoke generator and special recipes, the Retigo Vision becomes a complete smoker capable of smoking a wide range of meals from a la carte meals to standard whole meats, e.g. hams, shanks.

Overnight cooking

Retigo Vision cooks for you overnight. The special overnight cooking function can, thanks to precise humidity regulation and temperature control, ensure a high yield. Meat will be wonderfully juicy while water and power consumption are kept to a minimum.

Rack timing

System for short order cooking, which monitors food cooking time at each individual Retigo Vision rack. It enables combining several meals at once irrespective of their size or their required cooking time. When the rack timing function is started, the system will automatically offer the cook further recipes that can be prepared at the same time.

Confit

For preparing meals in fat or in their own juices, it is necessary to have two-way airflow, which Retigo Vision achieves by means of a patented fan that can be set to the ideal speed. The confit process requires no supervision and the results are always perfect.

David Kalina
Executive chef

advest
hospitality

“The reliability of Retigo Vision combi oven and the after-sales service offered by Retigo was the reasons why we chose this brand. It really did not disappoint us.”

DAVID KALINA

Chef in Mincovna restaurant, Prague, Czech Republic

Mincovna is the first restaurant in Prague Old Town Square to focus on traditional Czech Cuisine with a modern approach. It serves 400 guests daily here.

RETIGO GREEN CONCEPT

A combination of unique technical solutions, which will save the user money, while at the same time helping to save the environment.

Minimisation of thermal losses

The special insulation of the cooking chamber and the triple-glazed door glass* on the Retigo Vision ensure the lowest possible power consumption during the cooking process.

Water saving system

A unique waste water system design that requires a negligible amount of water for cooling the exhaust steam. This solution significantly reduces total water consumption.

Advanced steam generation system

Ensures fast generation of highly saturated steam by means of an integrated heat exchanger with minimal demands on water and power consumption.

The lifetime of the combi oven does not end with its disposal

Up to 98 % of the materials used in the manufacture of the Retigo Vision are fully recyclable.

* Not applicable to 623 size

UNIQUE TECHNICAL DETAILS

Special surface treatment on the cooking chamber by means of passivation significantly increases its resistance against undesirable substances contained in water or food and prevents the accumulation of dirt.

Quality austenite (non-magnetic) stainless steel (AISI 304 and 316) and the minimal use of plastic components greatly extends the lifetime of the Retigo Vision.

All boiler-type Retigo Vision combi ovens are also equipped with an advanced direct injection system that ensures problem-free operation of the combi oven in the event of an unexpected boiler outage.

The unique patented fan solution ensures high air replacement efficiency in the cooking chamber to achieve perfect crispness of the cooked meals.

The automatic humidity control system (AHC) precisely regulates the amount of steam in the cooking chamber and creates the ideal climate for the meals that are being prepared.

A highly powerful flap will provide an immediate discharge of residual moisture from the cooking chamber. This will result in a perfect crispness and accurate colour of foods.

UNIQUE FEATURES

Vision perfect cooking

With Retigo Vision combi ovens, you have the peace of mind that you will always achieve outstanding cooking results. The prepared foods have a perfect colour, are juicy, crispy and healthy and cooked using a minimal amount of fat.

- Excellent steam cooking results
- Ideal food colour and crunchiness
- Less stress in the kitchen
- All technological tasks in a single unit

My Vision Controls

The simplest controls on the market will save you time and enable you to quickly and easily make all the necessary settings. Display response is perfect even when your hands are greasy or when you are wearing gloves. You can adapt the main menu to your needs.

- Total concentration on cooking
- No wasted time
- Everything necessary is found on the main screen

Vision Design

The Retigo Vision combi oven offers you an excellent combination of features, exceptional ergonomics and attractive appearance. All this with a focus on safety and hygiene.

- Comfortable cooking with no risk of suffering burns
- High reliability and long service life
- Guaranteed to meet public health standards
- High reliability

Smart investment

With the Retigo Vision combi oven, you are saving money every day. Demonstrably lower power and water consumption combined with low cost automatic cleaning, will ensure a fast return on investment.

- Energy savings
- Economical automatic cleaning
- Unparalleled return on investment

STANDARD FEATURES AND UNIT OPTIONS

COOKING

Hot air 30 – 300 °C

Combination 30 – 300 °C

Steaming 30 – 130 °C

Bio steaming 30 – 98 °C

Over night cooking – Saves time and money.

Rack timing – Set individual rack times for multi product cooking.

AHC – Automatic humidity control for great cooking results.

Advanced steam generation system – Two-step water preheating with in-built heat exchanger for perfect steam cooking results.

Crosswise racks – Safer and comfortable GN handling.

Delta T cooking – Use advanced cooking method to reduce shrinkage on slow roasted meats getting amazing results.

Low temperature cooking – Less weight loss, better taste.

Cook & Hold – Let it cook and held serving temperature.

Golden Touch – Add a golden-brown, crispy finish.

Automatic preheating/cooling minimises the loading temp. drop.

Sous-vide, Drying, Sterilization, Confit, Smoking – Great way to make your menu special.

MY VISION CONTROLS

8" display – Perfect overview, easy and intuitive control.

MyVision – Customize your menu so you have all you need right on the main screen.

Touch panel – Panel works under all conditions and has a fast response, no mechanical elements, buttons or wheels.

Easy Cooking – Get great results even with less experienced chefs thanks to easy cooking guidance.

6-point core probe – Allows foods to be automatically cooked to any desired internal temperature.

1000 programs with 20 steps

Pictograms – Match a food picture with a program.

Learn function – All cooking adjustments are recorded.

Last 10 – Cooking process easy to be used again by just a touch.

Multitasking – Unique opportunity to work with a display during cooking.

Automatic start – The ability to schedule a delayed start.

EcoLogic – Energy consumption shown on the screen.

Continuous cooking time option

OTHER EQUIPMENT

Active Cleaning – Low-cost automatic cleaning.

Tripple glazed door glass*** - Advanced energy savings and external glass that does not burn you.

Auto-reversing fan – Excellent evenness to deliver high product color and texture uniformity.

Flap valve – Patented dehumidification system.

7 Fan speeds*** – Precise control of air distribution for desired results with different products.

Automatic Fan stop*** – No scalding when the door opened quickly.

Fan timing*** – 3 steps for greater evenness and gentle cooking.

AISI 304 stainless steel – Exceptional quality with a special coating for an extended life time.

Hand shower – External water supply hose with spray nozzle.

WSS – Special drain system & in-built heat exchanger to save water.

CONNECTIVITY

USB plug-in – Transfer data easily to and from the combi oven.

Ethernet/LAN – Allows remote access for data management.

VisionCombi software – Program and pictogram management in your PC, HACCP data view.

OPERATION LOGS

HACCP records – Easy and immediate analysis of critical cooking points.

Complete operating records

SERVICE

BCS* – Nothing stops you steam cooking with the in-built advance direct steam generation system.

SDS – Easy unit check up and trouble shooting.

UNIT OPTIONS

Second temperature core probe

Left door**

Safety door opening

Retractable hand shower***

Accessories – stands, trolleys, gastro containers, cleaning agents etc.

SETS AND ACCESSORY OPTIONS

RETIGO VISION COMBI OVEN + STAND

There are several stands available for the installation of combi ovens 623, 611 and 1011 in a kitchen – standard with 16 racks (ST623, ST1116) or a stand with wheels for easy handling of the machine (ST 1116 CS, ST623 CS). There is a folding stand with eight racks available for models 611 and 1011.

Sets:

- 623 + ST623 or ST623 CS
- 611 + ST 1116 or ST 1116 CS or ST 1116 H or ST 1108 FP
- 1011 + ST 1116 or ST 1116 CS or ST 1116 H or ST 1108 FP

RETIGO VISION COMBI OVEN ON A CONSOLE

Even our smallest size of Retigo Vision 623 on a stand won't fit in your kitchen? Here's a solution for you. Mount the combi oven on your wall on a console. You will hardly find a bigger space saving.

Sets:

- 623 + wall-mount KN 623 console

ELECTRICAL RETIGO VISION COMBI OVEN SETS

Combi oven sets can increase your kitchen's capacity without taking up much more room. Various combi oven size combinations are available. Each set is automatically supplied with a stand under the set, brace for the bottom machine, bottom machine chimney connection set and a stainless steel collar for covering the gap between the machines.

Sets (bottom machine/top machine):

- 623i/623i + set kit
- 611i, b/611i, b + set kit
- 1011i, b/ 611i, b + set kit

GAS RETIGO VISION COMBI OVEN SETS

Also gas combi ovens may be installed in sets, however, with limited options.

Sets (bottom machine/top machine):

- 611ig/611ig + set kit
- 611ig/611i, b + set kit
- 611i, b/611ig + set kit
- 1011i, b/611ig + set kit
- 1011ig/611ig + set kit

RETIGO VISION COMBI OVEN + HOLDOMAT

Locate the Holdomat directly underneath the combi oven so that you have everything nicely at hand. For this purpose, a specifically modified stand for the Holdomat is available.

Holdomat Standard:

- 611 + Holdomat Standard
- 1011 + Holdomat Standard

Holdomat 411:

- 611 + Holdomat 411
- 1011 + Holdomat 411

RETIGO VISION COMBI OVEN + BLAST CHILLER / SHOCK FREEZER

If you regularly perform blast chilling or shock freezing, and it is necessary for you to have a blast chiller always at hand, then you may put the combi oven on a specially modified stand into which a size 411 or 511 chiller may be installed.

Sets (bottom machine/top machine):

- BC 511/611 + stand
- BC 411/611 + stand
- BC 511/1011 + stand
- BC 411/1011 + stand

SETS AND ACCESSORY OPTIONS

RETIGO VISION COMBI OVEN + VISION VENT CONDENSATION HOOD

The Vision Vent condensation hood may be located on independently standing electric combi ovens as well as on electric combi ovens in all possible sets.

Sets (bottom machine/top machine):

- 623 + RPH 623, 623/623 + RPH 623
- 611 + RPH 0610, 611/611 + RPH 0610, 1011/611 + RPH 0610
- 1011 + RPH 0610
- 2011 + RPH 2011

RETIGO VISION COMBI OVEN + BANQUET SYSTEMS

Retigo Vision combi oven sizes 1011, 2011, 1221, 2021 can also be used with so-called banquet meal serving systems. Prepare the meals as shock chilled or fresh. Based on this, either immediately cover the cart with a special thermal cover or immediately after regenerating the meals. The thermal cover will ensure a serving temperature of meals for up to 25 minutes.

Sets:

- 1011 – banquet cart for 29 or 24 plates
- 2011 – banquet cart for 59 or 48 plates
- 1221 – banquet cart for 70 or 60 plates
- 2021 - banquet cart for 118 or 96 plates

The plate diameter is 280 mm and the spacings between the rings are 62 mm (insert more plates) or 80 mm (insert less plates).

RETIGO VISION COMBI OVEN – MARINE VERSION, TRAIN VERSION

In the event that the Retigo Vision combi oven is located on board a ship or train, it is possible to modify the machine so that there are fixed joints to the floor, and operating the machine is as safe as possible. All combi oven models except for the gas units and sizes 1221 and 2021 can be custom-fitted with:

- special door cylinder that dampens its opening
- modified racks in the combi oven, on stands as well as carts with protection against spontaneous sliding out of the gastronorm container when the floor level is tilted
- permanent fastening of the stand or combi oven legs to the floor and permanent fastening of the combi oven to the stand

**RETIGO VISION COMBI OVEN
– REVERSE DOOR OPENING
DIRECTION**

As standard, Retigo Vision combi ovens open from left to right (door hinges are on the right). However, combi oven sizes 623, 611 and 1011 can also have the opposite door opening direction if the layout of the kitchen necessitates it. The control panel remains on the left side of the combi oven.

**RETIGO VISION COMBI OVEN
– GASTRONORM CONTAINERS**

You can order a wide variety of gastronorm containers for the Retigo Vision combi oven. Combi ovens, but also blast chillers, use gastronorm containers with dimensions of GN 1/1, GN 2/3 and GN 2/1.

We offer standard stainless gastronorm containers, full or perforated, special gastronorm containers, unusual sheets and shelving and enamelled plates. More information at www.retigo.com.

**RETIGO VISION COMBI OVEN
– OTHER ACCESSORIES**

Whether you wish to expand your possibilities by the way your Retigo Vision combi oven is used (smoker, oil gun) or to provide for the ideal combi oven work environment and to extend its lifetime (softeners, detergents and filtration systems), we have the ideal solutions for you. More information at www.retigo.com.

Retigo's history commenced in 1994. The company has a narrow specialisation on the steam combi oven market segment. It focuses on high quality and affordability of its products. Retigo has Czech owners, and thus remains one of the last independent manufacturers of combi ovens in the world. Thanks to its financial stability and technological facilities, the company can flexibly react to the needs of its customers. One of the primary prerequisites for success is an outstanding level of sales and post-sales services.

Over **25** years

PERFECTION IN COOKING

A professional approach, excellent food, satisfied customers, these are the bases of success. Retigo has been helping professionals in the food service industry for over 25 years.

PRECISE EQUIPMENT AT THE BEST PRICE

High quality and utility each and every day. The best prices among the TOP combi ovens on the market.

FOR EVERY TYPE OF OPERATION

A small restaurant, or company kitchen feeding hundreds? Retigo combi ovens will always meet your requirements. We specialise in combi ovens so we know how to help in the kitchen.

A SENSIBLE CHOICE

We advise our customers on how to select the optimal model and prevent over-investment into combi oven equipment that they will not fully utilise. Comprehensive support on the way to satisfied customers and rapid return on investment.

OUTSTANDING CUSTOMER SUPPORT

Problem-free cooking with a focus on the satisfaction of your diners.
