

Ergo Line Ambient

Ergo Line Ambient is a light weight, but robust, cart for holding and transportation of food with GN1/1 capacity. Detachable U-shaped runners offer safe handling, easy cleaning and optimal temperature distribution. Infinitely variable temperature setting is performed via digital displays which indicates when the selected temperature is reached. Other features are adjustable ventilation for optimal moisture control, ergonomic push/pull handles and big castors for easy movement. A ScanBox is a Scandinavian designed product made for both back and front of house, especially with the Signature option with the possibility to customize the exterior design. The unit can be chilled down by placing eutectic plates inside the box.

Outer Measurement
